

REMARKS

Applicant thanks Examiner Dinh and SPE Barron for their courtesy and
5 assistance during an interview which was held on 4 October 2005. During the
interview the Applicant discussed the distinction between the claimed invention
and the Bjorn reference which served as the basis for the Examiner's rejection of
Applicant's pending claims based on art. As discussed, Applicant submits
herewith a replacement set of claims that have been amended to indicate that
10 the image is captured with the imaging device "independently" of the step of
obtaining the biometric information "with said at least one biometric sensor."

During the interview, it was indicated by the Examiner that this claim revision
would overcome the rejection based on the Bjorn reference.

15 Should the Examiner deem it helpful, he should contact Applicant's attorney,
Michael A. Glenn at (650) 474-8400.

20 Respectfully submitted,

25 Julia A. Thomas
